

Cumbrian Stone Ltd

Bowscar Red Lazonby

Specification

Bowscar Red sandstone is medium grained sandstone from the Permian age. It is light pink in colour with a high Quartz content giving it a distinct sparkle in the sunlight. Its hard wearing and consistent texture make it ideal for Walling, Cladding and Paving.

Bowscar Quarry

Bowscar Quarry is situated 3 miles north of Penrith, Although the quarry was dormant for many years Bowscar Sandstone has been used in many high profile projects throughout it's history. The quarry was re-opened in 2006 and is now providing an excellent high quality raw material with reserves available for many years to come.
